# NWCG CURRICULUM MANAGEMENT ISSUE PAPER #133
## MODIFICATION OF COURSE NAME FOR S-200, INITIAL ATTACK INCIDENT COMMANDER AND S-300, EXTENDED ATTACK INCIDENT COMMANDER
### March 7, 2016

**BACKGROUND**

S-200 and S-300 are each designed to prepare students for the ICS positions of Incident Commander Type 4 (S-200) and Incident Commander Type 3 (S-300). Incident Commander Type 5 does not have a specific course. S-400, Incident Commander transitioned to the FEMA NIMS curriculum in 2014 and is now E/L 950, Incident Commander (ICT1/2).

**CURRENT STATUS**

S-200 and S-300 are both currently in revision.

**RECOMMENDATION**

Change the course titles to align with the corresponding position titles:
- S-200, Initial Attack Incident Commander to S-200, **Incident Commander Type 4.**
- S-300, Extended Attack Incident Commander **to Incident Commander Type 3.**

The name changes will be effective upon course certification.

**APPROVED** DENIED
