Would you like a response? Yes

Contact Information (optional): Dave Burley, 208-387-5420, dburley@blm.gov (Chair, NWCG IBC)

Requesting Agency, NWCG Committee, or Group (optional): NWCG Committee Home
Unit (optional): Incident Business Committee

Change: Remove Commissary Manager (CMSY) position from the PMS 310-1. IBC determined in 2017/2018 that the CMSY position is no longer necessary as commissary is no longer used on incidents. IBC researched removing the position and its effect on standards documents and on the field and determined there would be none. ROSS queries indicated that no CMSY orders had been placed or filled in over 10 years. IBC decided the position was no longer necessary and removed the position from the AD Pay Plan in 2018. IBC neglected to request removal of the position from the 310-1 by OTC at the time and was recently made aware that the position still exists in the 310-1 even though it is not used anymore. CMSY does not maintain currency for any positions, no targeted training exists for CMSY, and an IPD doesn't exist. There will be no effect (except simplification) of position removal.

Supporting Documents: Do you need to add an attachment? No
