CHANGE INFORMATION	
<p>Request: Include Incident Meteorologist (IMET) position in 310.1 There are a growing number of qualified, red-carded Incident Meteorologists (IMETS) that are not NWS employees that are rostered and participate in local, state and federal Incident Management Teams (IMT's). The IMET is a pivotal position within the Planning Section that is not unique to the National Weather Service (NWS) and has well-defined training requirements and task books already developed and in use. This position deserves to be finally be added to 310.1.</p>
