The errata statement from the meeting was rescinded in order to add the additional changes.</p> <p>May FMB meeting topic.</p>
<p>IFPM Continued Discussion</p> <p>Before the meeting, Jason Fallon sent out a draft of the tasking. No one in FMB had any issues with the draft.</p> <p>Discussion</p> <ul style="list-style-type: none"> • Important to keep the plan simple, remove things that are no longer applicable and make clarifications as needed. • There is some urgency from DOI to move forward with this. • The group felt Jason’s efforts were a fantastic start. • Continued concern regarding having the correct leader’s intent and approval on the FS side to move things forward. 	<p>FMB will give Jason feedback by May 3rd.</p>

Topic & Notes	Decision
<p>CIM AA Subgroup Recommendations Sarah Fisher provided the group with the recommendations from the CIM AA subgroup. There was a brief discussion where the entire group expressed approval/agreement with the recommendations.</p>	
<p>PSOG Discussion</p> <ul style="list-style-type: none"> • NPS is hosting 2 positions. PDs were made it through classification and are 12/13 instead of a flat 13. NTEs, 1 to 5 years with the possibility to convert. IFEC came back with 3 year BILL funding. • The 3rd position approved by FMB currently has a detailer in the chair. Waiting for funding and then will move that person into the NTE position. • Governance issues continue to be a point of discussion. PSOG is wanting a supervisory chain of command. Strategic planning continues to problem solve and come up with the best option for governance. 	
<p>Miscellaneous</p> <ul style="list-style-type: none"> • NMAC chair changed from Shane MacDonald to Jim Shults • Jesse Bender continues to work on the CIM-FEC memo. Potentially a cover letter from FMB to show concurrence.
