Fatality Summary

Vehicle 0	Burnover/Entrapment 0	Aviation 0
Medical 1	Hazard Tree 0	Other/Unknown 1

Non-Fatal Incidents

Date	Incident Name Jurisdiction Location	Activity	Agency/Entity of Personnel Involved	Type of Accident	Number of People	# Shelters Deployed	Injuries/Treatment
3/18/25	West Beach Prescribed Fire Entrapment Indiana	Prescribed Fire	Federal	Entrapment	1	0	A burn injury to a firefighter occurred along with UTV damage while trying to suppress a spot fire on the West Beach Rx Unit.
Serious Accident Totals					1 People Involved	0 Shelter Deployed	

The Risk Management Committee would like to request any Fire Agency/Organization that experiences a fatality(s), or entrapment(s) to follow the guidance provided on this form: [PMS 405-1 Fire Entrapment / Fatality Initial Report](#). In the event that a wildland fire entrapment or fatality occurs, it should be reported immediately to the National Interagency Coordination Center (NICC). A Wildland Fire Entrapment/Fatality Initial Report should be completed and mailed to NICC electronically or by fax machine within twenty-four (24) hours.

Definition of Entrapment:

“A situation where personnel are unexpectedly caught in a fire behavior-related, life-threatening position where planned escape routes or safety zones are absent, inadequate, or compromised.” An entrapment may or may not include deployment of a fire shelter for its intended purpose. These situations may or may not result in injury. They include "near misses."
