AGENDA

NMAC L2025-01, 2025 Fatigue Mitigation

- Tasking from NMAC to Incident Commanders Advisory Council (ICAC) is result of memo from Fire Executive Council with recommendations from Medical and Public Health Advisory Team (MPHAT).
- Tasking has a heavy focus on sleep conditions to manage fatigue on incidents.
- AA Subgroup will assist in identifying barriers, provide support for ICAC recommendation, and educate the field.
- ICAC will designate a task group and present recommendation to AA Subgroup for review.
- Update in June. Invite Cunningham and additional ICAC reps as needed.

International IMT Task Team Support

- ICAC is still working to build task team.
- Update in June.
