

National Wildfire Coordinating Group
Incident and Position Standards Committee

IPSC-2021-04

Date: 14 June 2021
To: John Buehler, Chair, National Interagency Aviation Committee
From: Jim Shultz, Chair, Incident and Position Standards Committee
Subject: Approval of Incident and Position Standards Committee Request for Change 2021-04

Purpose: This memorandum approves the content of Incident and Position Standards Committee (IPSC) Request for Change (RFC) 2021-04 received from the Interagency Airtanker Base Subcommittee.

Action: Your request to remove the A-116 and A-104 training courses and add the A-204 training course as requirements for the Fixed Wing Parking Tender (FWPT) and Retardant Crewmember (RTCM) positions is approved. The change is effective immediately but will not be reflected in the NWCG position catalog until October 1, 2021. Please communicate the change to affected stakeholders as soon as practical.

Background and Coordination: Due to the replacement of the A-104 course with the A-204 course and the inclusion of A-116 into the A-100 course it was necessary to change the training requirements for FWPT and RTCM outside of the standard 310-1 publish cycle. You may contact Mike Black, IPSC NWCG 310-1 Steward, michael.black1@bia.gov if you have questions related to this approved change.

Distribution:

Mike Black, IPSC Vice-Chair
Michelle Woods, IPSC Support Staff
Deb Fleming, NWCG Coordinator
