

National Wildfire Coordinating Group
Incident and Position Standards Committee

IPSC-2025-06

Date: 06/11/2025
To: Shane Greer, Chair, Incident Command Subcommittee
From: Michael Froelich, Chair, Incident and Position Standards Committee
Subject: Recognition of ICCI Maintains Currency for ICT3

Purpose:

This memorandum outlines the Incident and Position Standards Committee's (IPSC) position regarding the Incident Command Complex (ICCI) qualification sheet.

Issue:

IPSC has identified that the Incident Commander Type 3 (ICT3) position was inadvertently omitted from the list of positions for which ICCI maintains currency. IPSC recommends that ICT3 be added to the appropriate section of the ICCI qualification sheet to reflect this oversight.

Background:

When the ICCI qualification sheet was originally developed as part of the Complex Incident Management tasking, the inclusion of ICT3 as a position for which ICCI maintains currency was unintentionally overlooked. IPSC has since reviewed this omission and supports correcting the qualification sheet accordingly.

Coordination: Questions may be directed to Michael Froelich, michael.froelich@ky.gov, Chair, Incident and Position Standards Committee.
