NCSC MEMORANDUM # 22-03

To: Jeff Lee, Assistant Center Manager, Phoenix Interagency Dispatch Center

From: Sean Peterson and Kathy Pipkin, Co-chairs of the National Coordination System Committee

Date: April 22, 2022

Re: Local Representative Member Selection

Jeff,

Kenan Jaycox, Center Manager of the Southwest Geographic Coordination Center, recently nominated you to replace an out-going local dispatch member representative to the National Coordination System committee (NCSC). At our monthly meeting on April 12th, the NCSC unanimously approved your nomination to the committee.

The National Coordination System Committee provides national leadership to develop, disseminate, and promote national interagency standards for wildland fire resource mobilization/demobilization, resource status, incident information, and decision support. The NCSC meets monthly virtually and in person annually.

The NCSC's membership strives to be not only interagency, but also consist of individuals from all three tiers of the coordination system. The NCSC looks forward to having a new member to our group that will bring a fresh and diverse perspective from our local dispatch centers.

Congratulations on being selected to this committee!

Sincerely,

Kathy Pipkin and Sean Peterson, NCSC Co-Chairs
