

NATIONAL WILDFIRE COORDINATING GROUP

National Coordination System Committee (NCSC) Memorandum 24-02

January 24, 2024

TO: Andrea Lannen-Littlefield, Deputy Center Manager, OSCC
FROM: National Coordination System Committee
SUBJECT: Member Selection

Andrea,

Jim Tomaselli, Center Manager of the Southern California Geographic Area Coordination Center, recently nominated you to replace an out-going GACC dispatch member representative to the National Coordination System Committee (NCSC). At our monthly meeting on January 24th, the NCSC unanimously approved your nomination to the committee.

The NCSC provides national leadership to develop, disseminate, and promote national interagency standards and training for wildland fire resource mobilization/demobilization, resource statusing, incident information, and decision support. The NCSC meets monthly virtually and in person annually.

The NCSC's membership strives to be not only interagency, but also consist of individuals from all three tiers of the coordination system. The NCSC looks forward to having a new member to our group that will bring a fresh and diverse perspective from the GACC level.

Congratulations on being selected to this committee!

Sincerely,

**SEAN

Sean Peterson
Chair, NCSC

NWCG standards are interagency by design; however, the decision to adopt and utilize them is made independently by the individual member agencies and communicated through their respective directives systems.
