

## NATIONAL WILDFIRE COORDINATING GROUP

---

### National Coordination System Committee (NCSC) Memorandum 24-03

March 6, 2024

TO: Geographic Area Coordination Center Managers  
FROM: National Coordination System Committee (NCSC)  
SUBJECT: Member Recruitment for NCSC

Purpose: Membership recruitment for the NCSC for one representative from the tier two, Geographic Area Coordination Center (GACC) level and one representative from the tier three local dispatch center level.

Background: Last month, one former GACC representative and one former local dispatch center representative were moved from primary to liaison status on the official roster of NCSC due to permanent job changes outside of the national dispatch and coordination system. NCSC is recruiting for a nomination from each geographical area at the tier two and tier three level with the below considerations taken into account.

#### Issue/Action Requested:

1. One employee nomination from each geographic area from the GACC as well as a local dispatch center.
2. Nominated member will have a broad knowledge of national, geographic and local area resource mobilization procedures and be minimally qualified as a Supervisory Dispatcher Trainee.
3. The sponsoring member's home unit will be responsible for providing salary, travel and per diem monies. If funding is not possible, NWCG may be able to assist in financial support.

All responses should be sent to Sean Peterson ([speterson@blm.gov](mailto:speterson@blm.gov)) by April 5, 2024. In the response, please submit a brief synopsis of experience within the dispatch and coordination system. One individual from the GACC and local dispatch center level will be selected at the NCSC monthly meeting in April.

Thanks,

/s/ Sean Peterson  
Chair, National Coordination System Committee

NWCG standards are interagency by design; however, the decision to adopt and utilize them is made independently by the individual member agencies and communicated through their respective directives systems.
