Discussion

In attendance: Paul Schlobohm, Deb Fleming, Nancie Turner, GaBriella Branson, Emmy Harbo, Roshelle Pederson

Glossary

- 23 terms ready to post to glossary
- One comment received for horizontal fuels arrangement – will need to be passed to the steward for reconciliation.
- All formerly assigned PMU terms have been passed to possible new stewards. Waiting to hear back from ETC and NCSC.
- New stewards from the PMU task will be tagged in the glossary.
- Nancie developed a way to easily see terms by stewards. Group reviewed NWCG webpage and agreed that this work fulfilled the initial request from the Interagency Fire Planning Committee.

Data Standards

- Emmy working to get resource data elements from IRWIN Data Mapping workbook ready to post.

Geospatial Data Layer Standards

- No new items

Fire Cause Data Element Review

- Nancie, Roshelle, Terri, Emmy, and GaBriella to meet on Thursday to discuss the best format in which to post the Fire Cause proposed standard values. It is more complex than other standards we have posted in the past.

Standards Database

- The NWCG Standards Database is no longer a pilot. It contains a lot of data. There will need to be a way for information flow to facilitate updates to the data.
- There is documentation for the database that reviews all the data and attributes collected in the database.

Additional Items

- None

Current Assignments

Used Trello to walk through current and completed tasks. See the Trello Task board for new items.
