

Fire Environment Committee

Conference Call Notes

February 5th, 2020

On the call:

Robyn Heffernan

Larry Van Bussum

Annie Benoit

Mark Fitch

Tami Parkinson

Wes Hall

Tim Chavez

Deb Fleming

Jason Knievel (NCAR) – Presentation on coupled fire behavior modeling (modeling in which the fire's impact on the atmosphere is modeled and fed back into the behavior model).

Peter Roehr

Possible subject for FENC spring meeting: IT issues/ Looking for ways to vet fire behavior/Fire wx applications through NWCG. Include IT folks at meeting. Need to include applications in Data Warehouse and develop protocol for how to do this.
