

# Fire Prevention Education Team (FPET) Subcommittee

---

## Meeting Minutes: 2/17/2022

### Attendees

**Members:** Maureen Brooks (USFS), Mark Thibideau (USFS), Jim Funk (Other), Zach Ellinger (BLM), Karen Curtis (USFS), Jeff Moyer (BIA), Andy Nesmith (FL-NASF), Fred Turck (VA- NASF)

**Others:** Deb Fleming (NWCG)

### Old Business

### New Business

The purpose of the meeting was to review the Mob Guide and the NFPET Program Plan.

NWCG FireNet Incident Team User Survey 2022

- Members that were present agreed that FPETs have a continuing need to use Firenet.
- We could use more named accounts, shared email accounts and email assigned to teams when ordered.
- Use of Firenet will provide consistent documentation for future use and reference.
- Team mentioned that Firenet information should be included in the guides for the teams.

Subcommittee structure

- Fred has announced that he will be retiring this year
- Need to determine if there will be co-chairs or a single chair going forward as well as a rotation of chairs is an option
- Bruce Woods (TX- NASF) is the current liaison to the CEPC

NFPET Schedule

- Zach submitted the schedule to the Mob Guide

Request for Change – Training Requirements for PETL and PETM

- There seems to some confusion about the request and what the process is:
  - FPETSC submitted the request through the CEPC
  - CEPC sent to Incident and Positions Standards Committee for review – they accepted the request
  - IPSC is now going back out to the field for approval
  - Mark sent the email for feedback to all the regional coordinators and the team leaders
    - No negative feedback received to date. Did get a request to increase the pay for PETLs but this is not related.

Training

- P310 will be offered at the Angeles Training Center March 7-10; 22 Students

Other:

- Mark offered to be a liaison to the PIO subcommittee but has not heard back

- Course update for P410 – Mark and Zach may be working on updates to P410, P101 and P301
