- **IABS Meetings**
 - The IABS is having two conference calls per month to keep up with business.
 - Unit leads are calling in once a month.
- **NWCG Airtanker Base Directory App**
 - The app should be available soon.
 - It will be available in EGP shortly. It will show up in everybody's profile automatically.
- **Standards for Airtanker Base Operations Unit (SABO)**
 - The SABO has been completed and is available online.
- **New IABS Units**
 - The IABS identified a need to create two new units: Airtanker Base Operational Risk Management Unit (ABORMU) and SEAT Unit (SEATU).
 - Mission statements and objectives are being created for each unit.
 - Additional members for the new (and existing) units are desired.
- **Airtanker Base Risk Assessments:**
 - The risk assessments should be discussed in the April NIAC meeting.
- **Airtanker Staffing Modules**
 - A suggestion through the IABS website was submitted regarding creating pre-identified modules that can assist with staffing shortages.
 - A briefing paper has been created and will be reviewed on the April 17th IABS conference call.
- **Micro Motion Meters**
 - The IABS is working on a briefing paper to describe some of the challenges and potential solutions.
 - The intent was to have it as an agenda item for the Fire Chemical Meeting, however the meeting has been postponed due to COVID-19.
 - The briefing paper will be reviewed on the April 17th IABS conference call.

- **AD Pay Plan**

- The IABS will be looking at the airtanker positions and potentially making recommendations for change.
- The Incident Position Descriptions (IPDs) that were previously completed will serve as appropriate documentation for requesting rate changes.
- This will be done prior to October 1, 2020.
