- **IABS Meetings**
 - The IABS is utilizing Microsoft Teams for IABS meetings.
- **NWCG Airtanker Base Directory App**
 - Lat./Longs are being verified.
- **Standards for Airtanker Base Operations Unit (SABO)**
 - The SABO has been completed and is available online.
- **Airtanker Base Risk Assessments:**
 - The risk assessments should be discussed in the April NIAC meeting.
- **Airtanker Staffing Modules**
 - The IABS discussed the idea of creating modules of airtanker base staff that could be ordered through IROC to supplement staffing.
 - This was an idea brought to the IABS by an airtanker base manager through the IABS website.
 - A briefing paper will be created and a request to have it added to the May NIAC meeting.
- **Micro Motion Meters**
 - The IABS is working on a briefing paper to describe some of the challenges and potential solutions.
- **COVID-19**
 - When vendor specific plans are released they may be posted on the IABS website.
 - Perimeter Solutions has created a COVID-19 plan. It will likely be added to their website. Once posted, there will be a link added to the IABS website.
- **FLIGHT**
 - The BLM will be utilizing FLGHT for 2020.
