Agenda Items

[Meeting Recording](#)

1. READ SC Updates – Tim Kramer

- READ SC meeting on Monday 4/25 to review status of READ positions and suppression damage repair document
- Anticipating having all positions in one package by early June

2. Discussion on locations for READ/REAF Reference Materials

- G. Poirier brought up that the annual RD&A refresher had an FS READ presenter discuss a central location for READ reference materials but it was only available to FS employees
 - Recommendation to establish a central location for interagency READ reference materials, possibly on the READ SC NWCG website?
- Per Linn (through email correspondence) - I know of two non-agency, public, anyone can get at locations 1) google drive, maintained by the READ Cohort, a grass roots group of about 2000 READs: www.tinyurl.com/NewREADCohort and 2) www.firearchaeology.com
 - The READ SC talked about having an interagency location for information but have not had time to pursue it.

3. Development of Fire Planner/Analyst Curriculum – Laura Barrett

<https://www.frames.gov/nwcg-fpfm>

- Laura Barrett will be meeting with small group of planners to flesh out more details and will provide report out to IFPC.

4. POD Data Standards

- Out for comment until May 4
- Lots of discussion on standards with noted concerns regarding line type, line confidence, line status, and the requirement for a single Unit ID.
- Discussion about which committee will be the owner of the standards - TBD
 - A. Bailey floated idea of standards being jointly owned by IFPC and GSC
- IFPC can Review and provide Comments here: [NWCG IFPC POD Data Standards Review](#)
 - Justin will submit IFPC comments (word doc markups) on May 4
