

Incident Logistics Subcommittee

Meeting Notes: October 27, 2021 (1100-1230 MT)

Attending: Not captured

Absent: Not captured

	Topic	Action Item #	Presenter	Notes	Action/Decision
1	LSC Requirements		Chris	<ul style="list-style-type: none">• Restarting discussion• SME task team is meeting to discuss options and scenarios to see if things need to change	
3	SECL/SEUL Position Task Team Report Out		Chris	<ul style="list-style-type: none">• More discussion on positive and negative impacts on this. Some committee members are concerned about adding a new position will push people out, in an environment where not many people exist anyway. Also, concerns that requiring a commission would convey Law Enforcement authority outside of designated jurisdiction.• Others felt that a new position would not impact personnel and may even bring new people into logistics. Current proposal only requires commission for qualification and does not grant holder of the commission any rights outside of their jurisdictional boundary.	
4	S-110 Logistics Recording Update		Chris	<ul style="list-style-type: none">• Logistics sectional portion of S-110 was recorded to help update the introduction course. THANK YOU to Leslie Morgan, LSC1 from the Southern Area Red Team for being the logistical spokesperson and the face of logistics.	
5	Round Robin / Wrap Up		ILSC	<ul style="list-style-type: none">• Everyone noticed the lack of Logistics resources for the 2021 fire season. This included staffing, equipment, and other resources needed to support the incident. COVID was one contributing factor, but a decline in available personnel is starting to impact how logistics operates.	

Next Conference Call

Date: November 24, 2021

Time: 1100 MT
