

## IOSC CALL NOTES – 4/2/19

### Members Present:

- Ben Oakleaf
- Rich Gray
- Patrick Morgan
- Mark Redfox

### Advisors Present:

- Dan Varney
- Deb Fleming
- Mike Black

### Not Present:

- Shawn Jaca
- Leander Real Bird
- Troy Phelps
- Rick Young
- Dave Larson

### **Agenda Topics:**

1. **Incident Position Descriptions (IPD) Review** – Ensure committee members have reviewed all of the operational IPDs and provided feedback to NWCG by April 24<sup>th</sup>. OTC will decide on IPD feedback this coming April . LINK: <https://www.nwcg.gov/positions/ops>
2. **NWCG Course Website** – Review of course website (ops courses only). Confirmation that we passed any *reviews on to Colby Jackson and Erin Burkhammer*. Link: <https://www.nwcg.gov/publications/training-courses>
3. **PMS 210 Feedback** – Review the relevance and content in the Wildland Fire Incident Management Field Guide, OTC will have a survey out soon. **NWCG crew typing standards are housed in the 210, so if it is discontinued this would need to find another home.**
4. **Review PMS 465 as an idea for creating Standards to back up current IPDs.** – An old PDF version is attached to this email.

Consider how to consolidate Position Standards to support IPDs, or the creation of an OPS Guide to replace ops related content in the PMS 210. Look at old PMS 465 “Tactics Guide” as an idea for standards. The PMS 465 is no longer in use but may provide as some assistance. Link to PMS 465:

<https://www.coloradofirecamp.com/suppression-tactics/suppression-tactics-guide.pdf>

5. **IRPG Request Form** – Still waiting approval.
6. **RT-130 Steward** – OTC will provide further details.
7. **CRWB maintain currency for ICT5** – Committee unanimously supports the request. CRWB should maintain currency for ICT5 – Decision will be sent to OTC.
8. **Addition of Smoke Content to S-130** – Limited support from those present on call. Will solicit more feedback from members that are not present. It was felt that the request should come from the Smoke and Risk committees through OTC. That request should focus on changing the IPD of FFT2 to reflect smoke effects, then that would change S-130. We are trying to avoid the training courses dictating the positions, rather the positions should influence the course content. Link for content that would be added: <https://www.nwcg.gov/publications/training-courses/rt-130/hazards/haz508>

Next Conference Call – Tuesday 5/7/19 at 1000 mountain
