Round Robin /SC Projects Updates <ul style="list-style-type: none">○ Dispatch Position and Curriculum Management○ National Interagency Computer Aided Dispatch	Gina David
Date and Time of Next Call: 24 September 2024 @ 1300 MST	

NWCG Update

- wrapping up final pieces of D310 content
 - plan to send over to web once finalized
 - it is moving along behind the scenes.
- web manager detailer is in-place
- D311 – on schedule to be ready as expected

IPTM Revisions of EDSD/EDRC Positions

NTR

Dispatch Academy Task Group Update

- funding has been arranged
 - \$32,000 (housing for students, 3 meals/day, instructor travel, overtime/travel for detailers)
- Tennessee Fire Academy, end of February – mid-March
- committee is meeting Thursday to finalize detailer position details
 - 2 positions: GS-12/13 to run it, GS-9/11 to assist.
 - USFS positions but can be open to interagency partners.
 - details are 120-days and start the first week in December
 - plan to hand this off to detailers once in-place
- agenda is finalized
- need to determine how to select instructors for basic academy cadre—must be transparent, inclusive

Flight Strip Standardization/NIAC Memo 24-02

- Sean worked with Mike Reid on the memo
- need a smaller group within NCSC to take on some of the taskings from that memo
 - work with aviation committees to get feedback/input
 - generate consolidated document with findings and recommendations from aviation subcommittees and NCSC to present to NIAC in October (potentially November)

National Coordination System Committee Conference Call Agenda

Team Meeting see invite for link

August 27, 2024

Time: 1300 MDT

-Hannah, Jennifer (non-NCSC aviation SME), Jeff, and Teresa will work on this

-Sean will work with aviation subcommittees to get Hannah and her group on their September meeting agendas

Interagency Fire Program Management (IFPM)

-IFPM is starting to become more engaged in reviewing positions/requirements. Center Manager position is being discussed.

- IFPM is under FMB

- Brian Achziger is the BLM rep

- Jim Shultz (NPS) was previously on IFPM for several years

- IFPM has several newer personnel assigned

-This is our opportunity to have a say in the requirements for CM and ACM

- currently, EDSO is the highest qualification and is not required to be current

- currently, the only course requirement is S491

- S491 has changed significantly over the years and has become more geared towards fire planners

- may not be what we need as we go forward

- consider D311, D310, D110, L381, FDOP workshop

-When looking at recommendations to IFPM, need to review position PDs and courses/course objectives

-There are parallel efforts in Southwest and with the BLM National Dispatch group

- this feedback needs to funnel back through NCSC for a consolidated recommendation that is inclusive

- Southwest and BLM Dispatch group will plan to share feedback with NCSC

- will also discuss with NCCM

-Tasking is set to close on 9/5

Incident Records and Resource Ordering Rep

-Kara sent a note out last week to build a task group

-Jerilynn and Teresa volunteered to assist as well as reps from the DEW Group and the National Center Managers Group

-Need incident business involvement

-Kara will finish out white paper and attach it to invite for upcoming meeting, tentatively next week

Bin

-Resource kind catalog types data standard

- sent out document to applicable NWCG committees (NIAC, Incident Business, Incident Position Operations, Equipment/Technology), but have not received feedback

- due date is 9/4.

- Katie will reach out to the other coordinators to have committees provide feedback

-Buying team extension requests

- confusion on protocol/procedure/approval for buying team extensions at the last incident business committee meeting

- national buying teams follow national standards for extensions (National Interagency Standards for Resource Mobilization is the standard)

- regional buying teams follow regional standards

- potentially set up a meeting with IBC chair to discuss concerns and the extension request form issue

National Coordination System Committee Conference Call Agenda

Team Meeting see invite for link

August 27, 2024

Time: 1300 MDT

Dispatch Position and Curriculum Management

-everything is going well

-in a holding pattern for 311 scenarios, but should be near completion and looking to do a demo

-310 is done

-final 2024 session of 510 is in October

National Interagency Computer Aided Dispatch NICAD

-new version of WildCAD-E will be out for testing soon

-Kara will work with CCB to open discussions about releases during PL5

-even a slight change can throw us off

-enhancements/updates are important, but for timing, maybe not in the middle of PL5
