NWCG Update

Webmaster is coming back starting October 7.

Katie will be updating all NWCG committee rosters.

NWCG staff has asked the Executive Board to be more engaged with committees, sharing expectations and intent.

All dispatch positions are working through IPTM with no issues other than the CORD.

CORD position is being held due to the concern for adding ACDP as a prerequisite and discussing rationale.

Draft PTBs and position standards should be coming out for review soon.

Dispatch Academy Task Group Update

In a holding pattern until a budget is released on October 1, 2024.

Details should be ready to be put out once there's a budget.

Flight Strip Standardization

Waiting on NIAC to respond regarding the next subcommittee meeting so the working group can attend to finish the dual tasking.

The deadline for the tasking was initially October 10 which may not be met.

SME group met and discussed 4-5 topics for standardization.

Clear terminology and clear requirements across all documents and clarification on what alleviates flight following requirements.

D-311 work will begin next month.

D-510 will happen October 7-11 in Tucson.
