Discussion and Updates

Endorsement Tasking Update and Steps Forward – Ken, Deb and Steve

- IPSC & Executive Board Reports/Approval
- Timeframes/Status for Positions to be analyzed.
- Endorsement Analysis Process training
 - One of the things that will be important is making sure everyone feels comfortable with how to manage the process. This will be key to getting people to step up and take these on
- Position Analysis/NIMSIC leads
 - After we do the analysis process training, and people are feeling like they understand it, we can try to start getting NIMSIC members assigned to serve as position analysis leads.

USFA AHIMT Strategic Goals (#4) - Steve

Looking for input, have not heard much yet.
