Old Business

1. Roll Call/Self Check-in
 - Decision making process requires a quorum of 2/3rds, (5 people)
2. A 3 day meeting was convened whilst the NWCG All Chairs Annual Meeting was taking place in Boise ID. Those that could not make the face to face meeting were encouraged to be involved as much as their time would allow via conference call.
3. CEPCE Update -Terri Jenkins, Chair visited and commended all of the PIOSC for their hard work and dedication to getting the new sub-committee up and running very quickly and producing the Social Media Tasking as well as developing IPD's.
4. NWCG Update -No update
5. SM tasking update - No further feedback had been received. This has been a request from CEPCE. Direction was sought from Deb Flemming. After discussions it was agreed to post the document to a page in the PIO section of the NWCG website and a link to it posted on the PIO Bulletin Board.
6. IPD update - Looking at the IPD's and community suggestions we realized that there had been a change in description and terminology. This did not fit with the direction we had previously agreed upon. We decided to look at and re-write the IPD's to include PIO3. At this point we changed the PIOF to PIO4. The group worked all 3 days to ensure the IPD's were correct and all followed a progression. A comparison chart was completed for ease of reference. Deb was asked to pull the current IPD's and replace with the new comparison table.
7. PIO3 Position Proposal Update - White Paper Update. Adrienne will continue to write the document with the new IPD's included
8. FEMA PIO Update - Kerry, Adrienne and Sean were on the call. Together we proposed an addition of the PIO4 inline with NWCG proposal. After a short discussion this was approved and added to the FEMA PIO comparison table.
9. PIO Incident Organizer - Held over to next meeting
