B. WUI Committee Face-to-Face Meeting– Jolene Ackerman

Our Face to Face Meeting will be the week of February 24th in Boise, ID. Best Mitigation Practices training will be Tuesday and Wednesday Feb. 25-26; committee business meeting will be on Thursday the 27th.

C. NWCG S-130 Life Safety Unit, WUI Topic version 3 Feedback and Review – Jolene Ackerman

- Sarah provided comments in an e-mail.
- Waldo Canyon video or a different one for the time slot of exercise for "extreme weather conditions".
- No longer a student guide, just using IRPG and PowerPoint. A few slides of WUI "Watch Out" along with an exercise.
- WFSTAR video in conclusion

D. Forest Products Lab in Madison – Jolene Ackerman

Opportunity for research on building materials (flammability), litter/mulch flammability tests, etc. Can conduct research in lab, Rx burn units and/or during structure fire practice burns. Are committee members interested in influencing the direction of this research?

- Jeremy asked for definition of wood – on future call
- Marty had a question of focus on forest products, testing on foam.
- Jolene will continue to be engaged and keep the committee updated.

E. Continued from Sept...Building a Mitigation Infrastructure – Pam Leschak
