

Electric Present Indicator

Status: Approved

Description

Identifies the existence of electricity at the structure.

Identity & Classification

Label	Electric Present Indicator
Data Element Type	String Data Element
Approval Status	Approved

Format Specification

Data Exchange	
Data Exchange Name	ElectricToStructure
Format	X(5)
Max Length	5
Physical Data Type	ALPHABETIC
Example	UNK

Geospatial Attribute	
Attribute Name	ElectricToStructure
Size/Width	25

Physical Data Type	STRING
Example	Unknown

Permissible Values

Permissible values for Electric Present Indicator

Label	Code	Alternate Label
Yes	Y	Has electric to structure
No	N	Does not have electric to structure
Unknown	UNK	Structure electric status unknown
