

Fire Strategy Point Zone Protection Percentage

Status: Grandfathered

Description

Indicates the percentage of the incident area where the fire suppression strategy of "Point Zone Protection" is being implemented.

Business Rules

- 1. Common strategies include Monitor, Confine, Contain, Point/Zone Protection, and Suppression, but hybrids and novel strategies may also be developed as the situation demands.
- 2. One or more strategies may be employed on any given wildfire. The strategy or strategies being employed may vary temporally or spatially.
- 3. When documented as percentage, the sum must be 100.
