

Projected Incident Activity Next 48 Hours

Status: Approved

Description

An estimate of the direction in which the incident is expected to spread, migrate, or expand in the next 48 hours.

Business Rules

1. Block 36 of the ICS209 - Projected Incident Activity, Potential, Movement, Escalation, or Spread - collects this information and is a required field.
2. Discuss incident potential relative to values at risk, or values to be protected (such as human life), and potential changes to those as the incident changes.
3. Include an estimate of the acreage or area that will be affected.
4. Provide an estimate of the direction/scope in which the incident is expected to spread, migrate, or expand in the next indicated operational period, or other factors that may cause activity changes.

Identity & Classification

Label	Projected Incident Activity Next 48 Hours
Data Element Type	String Data Element
Approval Status	Approved

Format Specification

Data Entry	
Format	X(3999)
Length	3999 characters
Physical Data Type	Character
Example	Increased growth of 500 acres expected to the west due to dry conditions and forecasted winds.

Data Exchange	
Data Exchange Name	ProjectedIncidentActivity48
Format	X(3999)
Length	3999 characters
Physical Data Type	Alphanumeric
Example	Increased growth of 500 acres expected to the west due to dry conditions and forecasted winds.

Additional Rules

Case Sensitivity	Mixed case allowed
