

Treatment Type

Status: Approved

Description

Describes the kind of treatment work. Type is more specific than treatment category.

Identity & Classification

Label	Treatment Type
Data Element Type	String Data Element
Approval Status	Approved

Format Specification

Data Exchange	
Data Exchange Name	TreatmentType
Format	X(50)
Max Length	50
Physical Data Type	ALPHABETIC
Example	Machine Pile

Geospatial Attribute	
Attribute Name	TreatmentType
Alternate Attribute Names	TYPE_NAME ; TypeName

Size/Width	50
Physical Data Type	STRING
Example	Chipping

Permissible Values

Permissible values for Treatment Type

Label
Biological
Biomass Removal
Broadcast Burn
Chemical
Chipping
Crushing
Fire Use (historic)
Grazing
Hand Pile
Hand Pile Burn
Jackpot Burn
Lop and Scatter
Machine Pile
Machine Pile Burn
Mastication
Mastication/Mowing

Label
N/A
Preparation
Seeding
Thinning

For data exchange, use the Label value (e.g., Machine Pile).
